

International Congress on **Artificial Intelligence** in **Medical Sciences** Scientific Workshops

May 2023 19 -17

Time: 9 am - 13 pm

In Sina and Razi Halls
in the Kish International Conference Center

First Day (Wednesday, May 17, 2023)

Hall A

NO.	Workshop run by	Topic	Time
1	Dr. Mohammad Shahram moin	Medical data privacy preserving in AI-based systems	8:00-10:00
2	Prof. Mehdi gheisari	The privacy-preservation of Internet of Medical Things	10:00-12:00
3	Dr. Muhammad Afzal	Artificial intelligence systems for knowledge management in medicine and healthcare	14:00-16:00

Hall B

NO.	Workshop run by	Topic	Time
1	Prof. Hamid Soltanian Zadeh	Diagnosis and Prognosis of Temporal Lobe Epilepsy Using Artificial Intelligence Analysis of Medical Images	8:00-10:00
2	Prof. Ram Bilas Pachori	Machine learning for brain signal analysis and classification for computer-aided medical diagnosis	10:00-12:00
3	Dr. Soleiman Ahmadi Dr. Ehsan tofaninejad	Artificial Intelligence Implication and Application in Medical Education:from theory to Practice	14:00-16:00

Hall C

NO.	Workshop run by	Topic	Time
1	Dr. Mohammad mehdi Sadoughi Dr. Kalantarion	The role of artificial intelligence in ophthalmology	8:00-10:00
2	Dr. Soroush Sardari	Q&A on drug discovery and design startegies	10:00-12:00
3	Dr. Shahriyar Eslamitabar	Ethical and legal requirements for artificial intelligence in the health system	14:00-16:00

Second Day (Thursday, May 18, 2023)

Hall A

NO.	Workshop run by	Topic	Time
1	Dr. Kaveh Kavooosi	An introduction to metagenomics	8:00-10:00
2	Dr. Saeid Eslami	prognostics models-computer assisted diagnosis : using image processing	10:00-12:00
3	Dr. Hamidreza Marateb	clinical prediction models for reliable prognosis	14:00-16:00

Hall B

NO.	Workshop run by	Topic	Time
1	Dr. Seyed Ahmad Ahmadi	AI in health policy & leadership	8:00-10:00
2	Dr. Ehsan Nabovati	requirements engineering for intelligent healthcare systems	10:00-12:00
3	Dr. Gholamreza Hassanzadeh	Technology enhanced learning in anatomy	14:00-16:00

Hall C

NO.	Workshop run by	Topic	Time
1	Dr. Mohammad Shahram moin	AI regulatory in hesthcare	8:00-10:00
2	Dr. Hamidreza Dehghan Dr. Hossein Soltan Dr. Seyedeh mahdiye Namayandeh	Smart cardiac report: faster input better output. smarter care	10:00-12:00
3	Dr. Saeid Eslami	AI impacts on Genomics	14:00-16:00
